Where do you think a woodland elf might like to live? In the shadow of an ancient tree? Tucked under a hedge? Nestled inside a fallen log? When you've found a suitable place, create a home for them using natural building materials. Write a story about what the woodland elves get up to in their new home.

Andy Goldsworthy loved using natural materials to create his art. Using any device with a camera, take some photos of natural objects e.g. daisies, twigs, dandelions, leaves. Take a picture of the object from far away then zoom in and take a picture of them close up. If you don't have a camera, draw a picture of the objects from afar and close up.
