

Big questions on creation

There are many people who are concerned about the harmony and integrity of Creation and want to live a more ecological or green life style.

Ecology, which comes from the Greek word meaning house or home, is about being at home on earth and ensuring the good relationship between created things.

The desire for a more ecological or green life style brings together people, of different religions, races and cultures.

1. Why do you think it is important to show respect for and be stewards of God's creation?

2. Do you think that people respect the environment? Give reasons/examples for your answers.

3. In what ways could you encourage people to show greater respect for and stewardship of the environment and God's creation?
 - a. What actions would you like your household or your school to take, to care for the environment and creation?
 - b. How have people damaged God's creation?

Design a poster promoting a green or ecological lifestyle, filled with actions that people can take to care for the environment.
